## MADE IN THE USA

Since 1945 Peripole was the first United States manufacturer of musical instruments for general elementary music education.

From our Tymptone Drum, to all of our jingle-bell products, to our woodblocks, and much more, Peripole has remained a solid US manufacturer. We also contract with several other US manufacturers for manufacturing and/or distribution. In fact, you will find well over 100 items in this catalog manufactured in the USA.

Although we do offer many cost-competitive, non-USA made products, our commitment to growing our USA manufacturing and quality is absolute. We are also proud that our Orff Instruments are manufactured in France, a country with outstanding industrial standards, similar to our own.

## Cooperative Purchasing Partners

Peripole, Inc. is an awarded vendor with several cooperative purchasing agencies. These agencies create and award a bid, on a state and / or national level which can be utilized or "piggy-backed" on by any school or non-profit institution. In this way schools, churches, and other non-profits, who do not have the resources to issue and award bid quotations can know that they are receiving the best value and price, while fulfilling requirements for competitive bidding. For more information contact our sales department at [contact@peripole.com](mailto:contact@peripole.com) or by telephone at (800) 443-3592.

## STILL MAKING MUSIC "GREEN"

Being "in harmony" means a lot of things to a lot of people. But as our planetary time passes and populations grow, it has become critical to consider the long term health and harmony of not only the people and other living things that inhabit the earth, but also the health of the living ecosystems of the planet itself.

Peripole, Inc. has always taken this commitment seriously from the time when we began our own program to reuse shipping boxes in 1992 to the present when we have completed an extensive insulation project including replacement of all of the large size windows on our building with energy conserving ones, thus yielding a smaller "carbon footprint". In 2008 we took the additional step

of purchasing 100% of the electrical power we use from renewable "green" sources. Additionally, we are proud that this catalog is printed on recycled paper with soy ink.

You may have noticed that we favor natural, biodegradable, renewable and recyclable materials in the construction of our instruments and in our packaging materials. This is not an accident. We seek to avoid using products that are harmful to the environment and to individual health, and we favor natural authentic materials such as wood and tunable skins for drums, but always with an eye to quality.

# A Different Kind of Beginning

The year was 1945. World War II was near its end, but still raging in Europe and in the Pacific. A couple of young music educators and parents, upon the urging of their famous mentor, Peter Dykema, Professor and Chair of Music at Columbia University Teachers College, decided to turn their talents toward making instruments for music education in elementary schools.

Sylvia and Mack Perry named their fledgling business "Peripole." Their first product was their signature "Tymptone" drum which was made in the living room of their apartment in Brooklyn, NY, from recycled and salvaged materials. No new materials were available because of the war effort, to which the entire country and its resources were marshalled. Each drum was hand-painted by Sylvia with small figurines.

The Perrys were soon delighted to receive an order from the famous Macy's department store in New York City, and being the "cottage" industry that they were, they had no choice but to deliver the order in the only freight carrier available to them — a baby carriage.

The years that followed saw Sylvia and Mack take Peripole out of their living room and into a storefront building. There was no one else making musical instruments for general music education at the time, and the Perrys saw rapid growth in

Peripole. They took over the store next door, then the one next to that, and finally moved into a commercial factory building.

In the early 1960s, established leaders in their field, the Perrys forged an alliance with the Orff-Schulwerk movement in Europe and made history by becoming the first company to import Orff instruments into the United States for sale to schools. The Perrys were also charter members of AOSA. In 1974, after launching two famous brands of Orff instruments in the United States, the Perrys made a new partnership with the Bergerault company in France, having finally found a company whose Orff instrument quality matched their own high standards of manufacture.

In 1992, seven years after Mack's death, company founder Sylvia Perry moved to Salem, Oregon, to join forces with her son, now company president, Dr. Andrew Perry, then a practicing physician, who had been involved with the company and music education throughout his life. Andrew welcomed the return of the company into his life and, together with the added partnership of the Bergerault Company, Peripole was established in Salem.

In 2015, Peripole welcomed Ami Halverson (née Perry) to the company. Ami brings a renewed vigor and excitement to Peripole as well as the continuation of the company family.

**Andrew Perry,  
President  
Peripole**

Dr. Andrew Perry has served as President of Peripole for the past 30 years. The son of company founders, Sylvia and Mack Perry, he grew up working in virtually every facet of the company and traveled extensively with his parents to music conferences as a young man.

Throughout his life, Andrew has divided his career between his two passions, music, and medicine. He is a guitarist and ukulele player. His professional training was as a Naturopathic Physician and he has practiced in this field since 1983. He was formerly Physical Medicine Department Chair at National University of Natural Medicine and continues as a sought after post graduate clinician in this field.

In 1992, Andrew reentered Peripole as its President. He has played a key role in the development of many Peripole product lines including Sienta® Drums, Halo® Recorders, Peripole® Classic™ Ukuleles by Enya, and many more. Dr. Perry received five US patents for his design and invention of the Halo® Hanger, the first commercially made recorder neck strap, which revolutionized the use of recorders in the classroom.

Andrew has received distinguished industry awards from five state MEA's, NAFME Northwest Division, and most recently the American Orff Schulwerk.

**Ami Halverson,  
Vice President  
Peripole**

Ami Halverson – Being raised in the Peripole Family, Ami has been brought up in music all her life, deeply ingraining a love for music and music education. Ami began working for Peripole as Executive Assistant to company founder Sylvia Perry, but soon found herself working independently to spearhead some of Peripole's key programs such as website administration, social networking, and

catalog development. Ami attended the University of Portland where she had a double major in guitar performance and Japanese Language. Apart from Peripole, She is a small business owner and has taught different types of movement and dance. She continues to play a key role in development of many of Peripole's newest and most innovative programs. Ami loves her dogs, cats, bunnies and chickens and playing music with her family band.

# MEET OUR PRINCIPALS

**Cak Marshall** is a career music educator. She taught at O'Hara School in the Fox Chapel Area School District, Pittsburgh, Pennsylvania. She holds a BS in Music Education from Indiana University of Pennsylvania; an MME from Duquesne University in Pittsburgh, PA; Apprentice and Master Level Orff Certification from the University of Memphis in Memphis, TN; Orff Levels I, II, and III from Hamline University in St. Paul, MN; and Kodály Level I from Duquesne University.

Cak was the recipient of the PMEA Citation of Excellence, the highest honor bestowed by the Pennsylvania Music Educators Association. Cak wrote for PMEA NEWS (the Pennsylvania Music Educator's State Journal) as Elementary Column Coordinator for over twelve years. Cak was also founding President of the Pittsburgh Golden Triangle Chapter of the American Orff-Schulwerk Association. She also served as editor of PGT PRESS, the Pittsburgh Chapter's Newsletter.

Cak continues to present workshops throughout the United States. She has presented in 37 of the 50 states for AOSA Chapters; AOSA National Conferences; and NAfME (formerly MENC) State, Divisional and National Conferences. She taught Level I Orff Certification Courses in Florida, Wisconsin, and Virginia.

Ms. Marshall is the author of TOOTLES and TOOTLES 2 books for beginning recorder ensembles using two sopranos and one alto recorder, published by GIA in Chicago, IL. She also wrote SOUND STORIES and BEATWORX for preschool. Both are available exclusively from Peripole, Inc.

Cak enjoys singing with Village Voices, Village Pops Chorus, Choralettes, Millennium Master Chorale, directing the Calvary Baptist Ladies Ensemble and playing recorder with an early music mixed consort.

**Dr. René Boyer** is our Music Education Advisor and Consultant. Dr. Boyer received her Bachelor and Master's degrees from Southern Illinois University in Edwardsville, Illinois, and her Doctorate Degree from Washington University in St. Louis, Missouri. She possesses all levels of Orff Certification, as well as Kodály Certification in Solfege, Techniques, and Teacher Training from Hungary.

René currently holds the distinguished position of Professor Emeritus of the University of Cincinnati's College Conservatory of Music, where she also was the founder and administrator of their Orff Schulwerk Certification Courses for over twenty years.

Dr. Boyer has served as the President of the National Association for the Study and Performance of African-American Music (NASPAAM) and a Conference Chair for the National Urban Music Leadership Association.

She is one of the principal authors of Share the Music, Spotlight on Music and most recently, Music Studio Digital Multimedia/Text Series, published by McGraw-Hill Education. She has written many books for music educators, including an authoritative text for classroom teachers, published by Pearson, Music Fundamentals, Methods, and Materials for the Elementary Classroom Teacher.

René brings her considerable expertise in providing Music Education to Urban and Inner City Schools, as well as in the

music of other countries and cultures. She is a renowned and world-wide lecturer, having lectured and taught in Europe, Australia, Asia, Africa and throughout the entire United States. Her most recent books include Songs and Rhythms of a Nation, featuring music of each of the fifty states, and Out of the Mouths of Babies. (see page 55)

**Kalani Das** is a board-certified music therapist, professional percussionist, and certified Orff-Schulwerk music educator.

As a performing and recording artist, he has worked with music legends Rod Stewart, Kenny Loggins, Barry Manilow, Max Roach, John Mayall, Yanni, Benise, and Suzanne Ciani, as well as appearing on numerous soundtracks for both TV and film. He has written numerous books and produced several DVDs and CDs regarding music instruction. He is the author of the book, The Way of Music- Creating Sound Connections in Music Therapy (Sarsen Publishing).

Kalani has presented sessions for the National Association for Music Education, the Percussive Arts Society, and the American Orff-Schulwerk Association as well as many state, regional, national, and international music education conferences. In the field of Music Therapy he has presented CMTes, and Institutes at several AMTA conferences, including the Western regional, Great Lakes regional, and National.

He is the founder of the Developmental Community Music approach to music-centered wellness (playinglaugh.com), co-author of the Music Therapy Drumming curriculum, for which he is an MTD Trainer (musictherapydrumming.com), and creator of the Hula for Life wellness program for older adults (hulaforlife.net).

Kalani's work in music therapy includes adults in addiction recovery, persons with TBI, and adults with developmental disabilities. He is currently music therapist and fieldwork supervisor at the Tierra Del Sol Foundation, an adult day facility that provides educational and employment opportunities for persons with developmental disabilities.

For more information visit Kalani's business website (kalanimusic.com) and his personal site (kalanidas.com).

**Mathieu and Alexandre Fergeau** are President and Executive Director of Bergerault, France; the sons of Past-President Gilles Fergeau; and the grandsons of Company Founder, Albert Bergerault. They both bring a broad array of technical skills to their work and are third generation Master-Craftsmen, specializing in the manufacture of percussion instruments and, in particular, keyboard percussion. Their knowledge and expertise in this field is unparalleled. They have led the company to the highest level of instrument quality while modernizing manufacturing and instrument design techniques. Their leadership recently led to the company being awarded the status of "Entreprise du Patrimoine Vivant" or "Enterprise of Living Heritage" by the Government of France.

Mathieu and Alexandre bring to the Orff Instrument manufacturing process, the same skills and expertise that have led to their professional instruments being used by famous orchestras and musicians all over the world, including the Opera de Paris, Boston Symphony, Scallia Millan, and Bolshoi Ballet to name a few.

# PARTNERS IN MUSIC EDUCATION®

Every year, Peripole, Inc. makes major contributions to the support of music education, locally, state-by-state, and nationally. These contributions take many forms and we are proud to call our program Partners in Music Education®. Today, we make the commitment to continue to grow this program.

We at Peripole, Inc. take this partnership very seriously. As a company dedicated to serving music educators, we see ourselves as having a key leadership role to play in helping to establish and maintain the highest possible standards in music education, thus helping to bring those standards to classrooms all over North America.

#### Contributions Have Included:

- Sponsorship of keynote and other presenters at numerous local, state, and national music educators' conventions and in-service days.
- Provision of Bergerault® Orff Instrumentaria; Peripole® Percussion instruments; Peripole® Ukuleles; and free

Peripole® Halo® Recorders at sessions, clinics, and courses nationwide.

- Donation of Instrumentaria to special non-profit music education organizations such as NAfME and AOSA.
- Donation of door prizes and special awards at conventions, courses, and chapter meetings nationwide.
- Donation of instruments to schools hit by natural disasters.
- Donation of instruments to schools in other countries coping with poverty, political strife, and natural disasters.
- Special discounts to selected title one schools.

We are very proud of these contributions to music education. In the years since this program began, the need for it has grown exponentially. We have endeavored to rise to the challenge. We thank all of our loyal customers who have supported us and have enabled us to be in a position where we are able to return something to the music education community as a whole.

## PERIPOLE EXCLUSIVES

Over the years, Peripole has worked very hard to bring our customers the highest quality instruments at the best possible prices. Many of these have led to the development of our own exclusive product lines, some formed in partnership with other manufacturers. We are extremely proud of these products, and to be able to offer them to you exclusively:

- **Bergerault® Orff Instruments**
- **Peripole® Halo® Recorders by Angel**
- **Peripole® Classic™ Ukuleles by Enya**
- **Peripole® Percussion**

### Exclusive Distributors

**Tradition** Founded by instrumental and mechanical genius, Albert Bergerault in 1932, the Bergerault Company has continued in France for three generations, each training the next.

**Expertise** Expertise cannot be taught, it must be learned by experience. From the selection of rosewood for optimum physical properties for sound production; to tuning, bar dimensions, and style; Bergerault has painstakingly explored and found the techniques needed to construct great instruments. These techniques are present in their world-renowned mallet percussion instruments as well as Bergerault® Orff instruments.

**Quality** From the chromed steel bars on our glockenspiels (other brands using raw steel, nickel-plating, or aluminum) to the individually pitched resonator tubes and intrinsic stands of our Chromatic Orff Instruments, to the superior rosewood quality and larger dimensions of our wood bars, Bergerault® Orff Instruments have multiple features not found in other brands of Orff instruments. These select features are detailed in the Specification sections of each instrument.

**Service** Peripole, Inc. is the exclusive North American source of Bergerault® Orff Instruments. We provide service, parts, and expert consultation regarding our instruments which are backed by our Triple Guarantee! (See pg. 79)

Carefully selected rosewood lies in storage, awaiting further conditioning. Bergerault's rosewood is aged a minimum of six years prior to use, then conditioned hermetically to further gradually diminish moisture content.

Below photos, left to right: 1) Albert Bergerault with one of his early multiple instrument inventions. 2) Colette Fergeau (née Bergerault) is shown receiving the French Legion of Honor Chevalier Medal from the Government of France for her work with Bergerault. 3) Gilles Fergeau modernized the design and manufacturing of Bergerault® products, and is responsible for many of Bergerault's most notable product innovations. 4) Mathieu Fergeau receiving the "Entreprise du Patrimoine Vivant" or "Company of Living Heritage" award from the French Government.

## XYLOPHONE SPECIFICATIONS

(see diagram - bottom right)

### Rosewood Bar Quality:

- ① Removable bars made of prime, high-density rosewood, **aged at least six years**, with additional special de-humidification treatment, for precise control of moisture content, thus ensuring long-term accuracy of tuning and pitch, even in humid climates.
- ② Rich, resonant rosewood sonority throughout the entire range.
- ③ Flawless grain and finish.

### Techlon Bar Quality:

- ① **Bergerault® Techlon** is a unique proprietary composite material that has a sound closer to rosewood than other synthetic bars.
- ② Surpasses other fiberglass/synthetic bar instruments in richness of tone quality.
- ③ Provides maximum protection from variations in humidity.

### Bar Features:

- ④ **Extra-wide** bars precisely tuned to A440, and overtone-tuned. Bars range in size from 1 <sup>5</sup>/<sub>8</sub>" wide x <sup>5</sup>/<sub>8</sub>" thick for the Soprano and Alto models to 2" wide x <sup>5</sup>/<sub>8</sub>" thick for Bass models. Professional size bars enhance sonority.
- ⑤ Holes for placement of bars on the pegs are countersunk for easy placement and removal of bars.
- ⑥ Long-lasting, neoprene covered, heavy-duty metal posts to hold bars with solid neoprene bar support.

### Resonator Boxes:

- ⑦ Built-in mallet storage on each instrument.
- ⑧ Box constructed of solid hardwood and covered externally with laminate finish for durability and easy cleaning.
- ⑨ Top and sides both glued and screwed together.
- ⑩ Solid design construction at base of instrument for greater strength.
- ⑪ Interior partitions capped for finished look.
- ⑫ Interior boxes specially tuned.
- ⑬ **FREE attached wood storage box to hold F# and Bb bars.**
- ⑭ Resonator box interior design for optimal and equal resonance.
- ⑮ Lift ledges for easy carrying.

It took 10 years of design and research to create the composite materials used in our Bergerault® Techlon Xylophone Bars in order to satisfy our uncompromising high quality standards!

## GLOCKENSPIEL SPECIFICATIONS

### Wide Bar Quality:

- ① Extra-wide chrome steel bars 1" wide x 1/8" thick provide richer, smooth sound and protect against oxidation.
- ② Wider bars allows easier and more accurate targeting.
- ③ Removable bars precisely tuned to A440.

### Classic Bar Quality:

- ① Special chrome tempered steel bars 3/4" wide x 1/8" thick, provides distinctive bright timbre and protect against oxidation.

### Resonator Boxes:

- ① Solid wood resonator boxes.
- ② Heavy-duty neoprene covered metal posts to hold bars with solid neoprene bar support. Never needs replacement with normal use.

**Our Compact Series Orff Instruments are designed for ease of use in the modern school environment.**

## SPECIFICATIONS

- Extra-wide, extra-long bars identical to our Standard and Chromatic Orff models for superior sound. (See pages 9 and 11 for bar dimensions and specifications.)
- Range identical to standard Orff instruments.
- Long-lasting, heavy-duty metal bar posts with solid neoprene cord to support bars and allow free vibration.
- Perfect alignment of bars of diatonic instruments and chromatic add-on units with innovative half-trapezoid shape.
- Natural wood varnished resonator boxes.
- Compact and stackable for easy storage and transport.
- Please refer to octave range chart on page 11.

Note: F<sup>#</sup> and B<sup>b</sup> bars are always included with diatonic instruments and should therefore be added to chromatic sections purchased to complete the full chromatic instrument.

### CARE OF ROSEWOOD BARS

*Since Bergerault® Rosewood Bars are of  
the highest quality and well-aged, they only  
require occasional cleaning with normal care  
and usage.*

*For optimal care of your rosewood instrument,  
we offer the following care instructions:*

- Whenever possible, avoid extremes in  
temperature and humidity.
- Instruments should not be stored in front  
of windows, radiators, air ducts, or direct  
sunlight.
- After extensive use, bars may be cleaned  
with lemon oil (containing no silicones,  
linseed oil, or beeswax). Apply sparingly and  
polish vigorously with a soft dry cloth.

### XYLOPHONE SPECIFICATIONS

- Aged rosewood bar and Techlon bar features and detailed specifications listed on  
page 9.
- Individual precision-tuned aluminum resonator tubes under each removable bar  
create perfect equal resonance.
- Entire section of resonator tubes joined together as a single removable unit.
- Sturdy, collapsible square tubular steel legs.
- Telescoping legs adjustable for height.
- Solid hardwood used in frame construction and covered externally with laminate  
finish for durability and easy cleaning.

## CONTRA BASS BAR SPECIFICATIONS

## Rosewood Bar Quality:

- Prime, high-density, individual bars, **aged at least six years** for precise control of moisture content, thus ensuring long-term accuracy of tuning and pitch, even in humid climates.
- Deep, rich, penetrating marimba quality. Indeed, these rosewood bars are the very same bars as those on our Professional Bass Marimba.
- Flawless, professional grain and finish.

## Bar Features:

- Bars mounted on individual tuned wood resonator boxes **with additional adjustable tuning mechanism**.
- Bars precisely tuned to A440.
- **Each bar overtone-tuned to both the first and second overtones (tonic and dominant).**

## Resonator Boxes:

- Constructed of wood with laminate finish for durability and easy cleaning.
- Top and sides both glued and screwed together.

## TECHLON BASS BARS

P1401C-C

## Synthetic Bar Quality:

- **Bergerault® Techlon** is a unique proprietary composite material that closely approximates the sound of rosewood.
- Surpasses other fiberglass/synthetic bar instruments in richness of tone quality.
- Provides maximum protection from variations in humidity.

## GUIDE TO SELECTING INSTRUMENTS

*It is an exciting time for teachers just starting out with Orff instruments or programs! We know how overwhelming buying new instruments for your classroom can be and therefore we offer this guide on what to consider when buying for your music program.*

*Types of Instruments: The Orff Instrumentarium consists of three different timbres- glockenspiels, metallophones, and xylophones; and three ranges of voice- soprano, alto and bass.*

*Sound: As diversity of sound is important, we suggest starting with at least one of each timbre. Metal instruments tend to overshadow wood in tonal volume, so it is wise to have more xylophones than metallophones. Alto and soprano instruments are economical and are the initial foundation of Orff sound. Bass xylophones make an excellent and important addition and are strongly recommended as an early purchase. Sub-contra and contra bass bars have true pitch and rich tones that make them excellent timpani replacements.*

*Building A Music Classroom: Financial limitations often make the process of building your classroom instrumentation take time, even several years. Be assured when you buy a Bergerault® Orff Instrument, you are buying an instrument that will remain in perfect condition and tune, and make adding new instruments a breeze. All Bergerault® Instruments will combine easily with others tuned to A440.*

*We know budget will always factor in your choice of instrument purchase and therefore we strive to provide the highest quality and the lowest possible price. Buying top quality instruments assures the life of the instrument for years to come.*

*Please contact our knowledgeable staff at 1-800-443-3592 for consultation and assistance.*

See page 74-77 for complete list of Recorder Publications

# UNIQUE WIND TONES

**NEW**

P6080

- Acts as a bridge instrument between recorder and band, teaching essential skills needed for more advanced band instruments without struggle.
- Can bring a whole new sound to the recorder ensemble!
- In the key of C.
- Silicone keys are great for adaptive learning and small hands.

## NUVO PRE-BAND INSTRUMENTS

**P6070 NUVO Dood \$29.99★**

With it's mellow clarinet-like sound, the Dood is a great way to introduce single reed skills prior to band. With it's recorder-like fingering in the key of C, it makes a great addition to any recorder ensemble. 100% waterproof for easy sanitization.

**\* Easy To Sanitize!**

**P6080 NUVO Toot \$29.99★**

The next step between recorder and flute! Nuvo Toot utilizes it's unique Firstnote lip plate to get kids playing fast and help teach positioning, fingering and breath control before moving on to the traditional included flute lip plate.

**\* Easy To Sanitize!**

Our ORFF Mallets are Made in the USA

## A GUIDE TO ORFF MALLETS – FIBERGLASS VS BIRCH SHAFTS

Peripole, Inc. is pleased to offer quality Wound Orff Instrument Mallets in two shaft materials: fiberglass—which comes with purchase of our diatonic and complete chromatic instruments, and birch hardwood. Both materials have advantages and disadvantages that can factor in when choosing one for your classroom.

**Fiberglass** is extremely durable and break resistant. It has heavier head balance, which creates a feeling of "bouncing a ball" when playing. Many teachers and clinicians prefer and recommend this kind of balance. If mallet shafts are struck too forcefully against a hard surface, the protective coating on the shaft can eventually chip and expose fiberglass which can splinter.

Mallets can be repaired by covering or refinishing the damaged portion or replacement of the mallet.

**Birch Hardwood** is a thicker, lighter material and creates a larger ergonomic grip and balanced feel. It is quite durable with normal use, however can be broken if stepped on or severely abused. If the shaft is struck too hard it will create visible imperfections in the wood. Luckily these are easy to repair by sanding and painting or covering.

**Nylon** is a splinter-free material and remains so even after extended use. It is more flexible than desired for longer mallets but is optimal for shorter ones. We now use nylon for all glockenspiel mallets.

Newly redesigned Peripole® Rainbow® Hand Drums come with thumb notches for traditional technique. Solid wood shells and synthetic skins combine for great tones. Rainbow colors coordinate with the frequencies of the electromagnetic spectrum to reinforce science lessons with red being lowest pitch (lowest vibration) and Violet being highest pitch (highest vibration). Available individually or in a set of 5 with carrying case and shoulder strap.

Also available in natural color.

| P4347 | 25" TALL, 12" DIAMETER HEAD ASHIKO DRUM     | \$249.00★ |

Constructed of hand-selected environmentally-friendly Siam Oak wood, this ashiko is made with hand-picked premium goat skin. The 5mm extra strong non-stretch rope allows for easy and lasting tuning.

P4345

P4346

P4347

### TALKING DRUM

P4370 \$141.95

The Talking Drum derives its name from its ability to change pitch by squeezing its exterior rope framework. As the player squeezes the rope, the tension on the head increases, thus raising the pitch. Made of durable, light-weight hardwood with two natural skin heads. Stretch resistant rope. **Quality Construction.** Mallet included.

P4370

The musical instruments in our catalog are not toys. They are intended for use by adults and children with adult supervision. Unless otherwise stated, the instruments are not recommended for children under 3 years of age.

# CONGAS & BONGOS

P4331

Rio Red color shown in photos of congas and bongos.

In keeping with Toca's green and environmentally-friendly policies, the wood for these drums is harvested from a plantation in Thailand, where the drums are then lathed and handcrafted by local musicians. This carefully managed resource is much easier on the environment than wood taken from primary forests.

## SYNERGY DOUBLE CONGA SET

**P4331 \$389.95★ Stand included**

- 10" and 11" natural rawhide heads

# KALANI'S WORLD RHYTHMS

## Instrument sets designed by Kalani Das to be used with his World Rhythms curriculum.

**World Rhythms** is a classroom curriculum of traditional world music arranged for drumming ensembles with songs from the Caribbean, Brazil, and West Africa. It's designed for easy accompaniment on ukuleles, guitar, piano, and Orff instruments.

The World Rhythms program was created by drummer, educator, and music therapist, Kalani Das, and is focused on helping students reach social and emotional goals while developing rhythm, timing, pitch, ensemble skills, and other important life skills, such as listening, collaboration and leadership.

Students learn how to tune, setup, and play the most commonly used drums and percussion instruments, preparing them for the next level of music making. World Rhythms instrument sets increase diversity in classroom music and may be mixed and matched for endless possibilities.

## MANDÉ INSTRUMENT ENSEMBLE SETS

SEE BOOK ON PAGE 74.

Our special Mandé Instrument Ensemble Sets are designed to be used with the Book/CD/DVD set by Ryan M. Camara and Kalani Das, *West African Drum and Dance: A Yankadi-Macrou Celebration*. The Standard Sets contain the minimum number of instruments required to play all of the parts. The Deluxe Sets allow for greater participation.

For those of you who may already have Orff Xylophones, these sets are available without the Orff Xylophones as well.

Durable, select, seasoned, kiln-dried hardwoods. Sharp, clear resonant tones with a variety of pitches and timbres.

## CLAVES

Particularly popular in Latin American music. To achieve a sharp, clear "click" tone, rest one clave across the cupped left hand between fingers and heel of palm. Strike sharply with other clave.

# UNIQUE PERCUSSIVE TONES

UNIQUE PERCUSSIVE TONES

## LP 8" METTA DRUM

P3965 \$199.99★

LP Metta Drums are designed to be used in musical as well as therapeutic settings and produce peaceful, soothing drone sounds from its eight tongues tuned to a Tanpura scale. Included magnets can be used to alter the tuning for other sonic options.

Includes two rubber mallets and a nylon carrying bag.

P3965

P3970

**NEW!**

## SELA STAINLESS STEEL HANDPAN

P3970 \$1999.00★

The handpan is the perfect combination of percussion and melody instrument. It consists of two thin, assembled stainless steel bowls. The halves are elaborately hammered by hand as part of the manufacturing process. This creates dents and a small hill in the middle of the body. These surfaces form the various sound fields. Surrounded by a circle of 8 tones, the central note lies in the middle of the handpan. If the fields are played, bright, long-lasting sounds are produced. A high-quality and padded bag is included

- Tuning: D Amara (440 Hz)
- Tones: D3/ A3, C4, D4, E4, F4, G4, A4, C5
- Diameter: 22.4"

## SELA TONGUE DRUMS

P3980 \$49.99★

5.5" TONGUE DRUM (C PENTATONIC)

P3985 \$59.99★

6" TONGUE DRUM (C MAJOR)

With its warm and soothing sound, Sela small Tongue Drums are suitable for relaxation in everyday life as well as for the early musical education of children. Since all six tone fields of the Sela Melody Tongue Drum 5.5" are on the pentatonic C scale and 6" are on the C Major Scale, a harmonic melody is always created when playing without any "wrong" notes.

P3980

P3985

## ANGEL LARGE TONGUE DRUMS

P3950 LARGE \$116.88

11 Note Tongue Drum (C Major)

P3955 X-LARGE \$199.99

15 Note Tongue Drum (C Major)

Angel long resonating large tongue drums are a great upgreat in sound and power. With more notes (11 or 15), they are on the C Major Scale, a harmonic melody is always created when playing without any "wrong" notes. Includes carrying bag and mallets.

P3955

P3950

## FLEX-A-TONES

P3908 SMALL \$39.99★

†P3909 LARGE \$54.99★

- Creates eerie, wavy, saw blade-like sounds through varied pitches
- Bend the steel spring with thumb while mallet strikes surface
- With a little practice pitches can be controlled so songs can be played

**PLEASE NOTE:** Lead can be a minor additive in manufactured brass. Although these cymbals have a protective lacquer coat, we cannot guarantee that any brass is completely free of lead.

## TEACHERS NOTE:

A variety of rhythm instrument sets have been prepared. The aim of our Education Department in arranging these outfits was primarily to effect variety and balance in tone color and instrumentation. Economy Sets and Enriched Sets were created to serve different budget considerations. All sets contain the same high-quality, fully guaranteed instruments. The price differential is due to the inclusion of more expensive items such as drums and tambourines.

**Note Knacks** by Kristin Pugliese are a system of music notation blocks that even your youngest learners can hold and manipulate to create and perform their own musical compositions. These specially proportioned blocks display a musical note on one side and its corresponding rest on the back. Blocks represent whole, half, quarter, eighth, and sixteenth notes and are color coded so the name of each color says the rhythm. Note Knacks fit into three time signature frames that ensure children stay within the parameter of conventional notation while enjoying the freedom to create. Above all, Note Knacks are simple to understand and easy to use!

- Enables hands on learning.
- Reveals the method behind notation.
- Explains notes and rests simultaneously.
- Teachers music standards while encouraging creativity.
- Creates tangible assessments.
- Provides concert material with minimal preparation.
- Suitable for large groups, small groups, and one on one instruction.
- Appropriate for all types of learners from kindergarten up.

## NOTE KNACKS DICE

**P8905 \$22.95★**

Includes 3 fabric dice- each with its own set of notation on it. One shows time signatures, the second shows notes, and the last shows rests. These dice make learning notation a game!

The musical instruments in our catalog are not toys. They are intended for use by adults and children with adult supervision. Unless otherwise stated, the instruments are not recommended for children under 3 years of age.

# Peripole's Guide To The Ukulele

## WHY ADD UKULELE TO YOUR MUSIC PROGRAM?

- The ukulele is easy to learn with a high return in musicality for effort provided. Four strings make chording much easier than guitar and children will want to advance their musical skills and knowledge of music theory so they can take on increasingly more complex songs.
- Ukulele inspires kids to want to learn music! They can learn most contemporary songs on it and they want to learn to sing well with it. It is a very social instrument and can be a pathway to social engagement even from home. It is highly portable and easily shared. Not only that, but in comparison to other instruments the ukulele is relatively inexpensive.
- The Ukulele works well with your existing ensemble of elementary instruments. Easily integrated into your presentations along with movement, Orff instruments, percussion, and recorder.
- Skills learned and trained by ukulele practice are transferable to other string instruments. Learning chord formation, strumming technique and rhythm, and training fingers to create chords will be skills that can apply to other instruments if your students choose to branch out! Not just guitar, but also mandolin, banjo, bass and even orchestral instruments like violin.

## SKILLS LEARNED FROM A UKULELE PROGRAM

- Music theory
- Reading of tab and traditional notation
- Two hand playing method
- Rhythm and strumming
- Chord formation and theory
- Vocal advancement when paired with ukulele

## UKULELE SIZES AND TUNING

**Choosing a Ukulele Type** – Soprano, Concert, and Tenor all use reentrant tuning (Hi-G/C/E/A), sometimes with low G on 4th string. These 3 all have identical pitches. Baritone is D/G/B/E (like 1st 4 strings of a guitar) and bass is E/A/D/G (like a bass guitar)

**Soprano** – Chosen for many elementary sets. Smallest scale for smaller hands. Playable by many adults. Typically has 12 frets.

**Concert** – Built on slightly larger scale than soprano, typically has 18 frets. Good choice for older upper elementary grades and up to adult. More frets allow for development of more advanced skills.

**Tenor** – Built on slightly larger scale than concert. Typically has 18 frets. Good choice for teens and adults with medium to larger hands.

**Baritone** – Because of different tuning requires different fingering. Built to a larger scale. Good bridge instrument to guitar as they are tuned the same.

**Bass** – The newest member of the ukulele family. Tuned and played the same as a full bass. Enriches the sound with bass lines. Compact size makes it great for travel and good for new learners of the bass.

Peripole is proud to announce our newest innovation in ukuleles:

Peripole is proud to be an Educational Distributor for the **Luna** line of high quality ukuleles and guitars. Most Luna Ukuleles come equipped with Aquila Strings, some of the best on the market, and have excellent tuning retention, intonation and a rich sound. They also have beautiful designs, crafting, and details.

Luna's major series include the **Vintage Series**, with an excellent combination of value and quality; the **Tattoo Series**, featuring beautiful designs with gig bags included; and the **High Tide Series**, featuring exotic hardwoods, deluxe appointments, exacting crafting, and gig bags.

## VINTAGE SERIES

The luna Vintage Series combine excellent quality with value pricing. Their classic etched solar sound hole decoration, Aquila strings, and a variety of styles makes this series a popular teachers choice. All Vintage Models have walnut bridges and fretboards.

†P7301	Vintage Mahogany Soprano - Red Satin	\$69.00★
P7302	Vintage Mahogany Soprano - Black Satin	\$69.00★
P7304	Vintage Mahogany Pineapple Soprano	\$69.00★

†P7320	Vintage Mahogany Concert Pack Includes Gig Bag, Tuner, and Chord Chart	\$109.00★
P7321	Vintage Mahogany Tenor	\$129.00★
P7323	Vintage Mahogany Baritone	\$129.00★
P7324	Vintage Mahogany Baritone - with Pre-Amp	\$149.00★

See Ukulele  
Wall Hangers  
Page 73

All of the Tattoo Series  
ukuleles include:

- Mahogany back and sides
- Walnut fretboard and bridges
- Aquila strings
- Laser etched design
- Gig bag

## LUNA TATTOO SERIES

P7070	Soprano Tattoo Pineapple	\$109.00★
P7071	Soprano Honu	\$99.00★
† P7072	Concert Tattoo	\$99.00★
P7073	Concert Tattoo Acoustic/Electric With Cutaway	\$149.00★
† P7074	Tenor Tattoo	\$149.00★

Extracting design ideas from traditional monochrome Pacific Island body ornamentation, these ukuleles look and sound stunningly beautiful. The **TATTOO** series designs are primarily based on waves and sharks teeth which are also echoed as fret markers. The **HONU** design is based on a stylized Hawaiian turtle (honu). Fret markers on this instrument are also stylized sharks teeth.

## ZIRICOTE WOOD SERIES

† P7375	Luna Ziricote Soprano Ukulele	\$179.00★
† P7373	Luna Ziricote Concert Ukulele	\$189.00★
P7376	Luna Ziricote Tenor Ukulele	\$209.00★

Ziricote offers a captivating color scheme and unique wood grain pattern, which consists of a majority dark brown shade and grain lines that reflect spider webs or marbled swirls in a light gloss layer. Expect warm, boomy sounds with sparkly highs.

P7376

## LUNA BAMBOO SERIES

† P7360	Luna Bamboo Soprano	\$129.00★
† P7361	Luna Bamboo Concert	\$139.00★
P7362	Luna Bamboo Tenor	\$159.00★

Bamboo has a crisp, vibrant tone with amazing volume projection that any player can appreciate. Built with a mahogany neck, walnut fretboard and bridge, and stunning pear moon inlays. Laser etched bamboo leaf sound hole design. Includes gig bag.

P7362

## HIGH TIDE SERIES

Luna's **HIGH TIDE** series uses three of the finest tone woods to create a diversity of sounds within this high quality series. All High Tide Ukuleles have abalone fret markers and full moon themes in a stunning design with decorative bindings.

Most importantly, the sound and intonation of these fine ukuleles is rich and vibrant. Some models have pre-amps for electric amplification, but also have exquisite acoustic sound. With so many models to choose from, these are great ukuleles for all players from beginners to experienced musicians.

All models have walnut bridges and fretboards and include a gig bag.

P7370

P7371

P7372

P7370	Luna High Tide Exotic Mahogany Soprano	\$179.00★
P7371	Luna High Tide Exotic Mahogany Concert	\$199.00★
P7372	Luna High Tide Exotic Mahogany Tenor	\$199.00★
† P7045	Luna High Tide Soprano Koa w/pre-amp	\$249.00★
† P7046	Luna High Tide Tenor Koa w/pre-amp	\$319.00★
P7076	Luna High Tide Concert Koa w/pre-amp	\$299.00★
P7077	Luna High Tide Tenor Ovangkol w/pre-amp	\$319.00★
P7079	Luna High Tide Baritone Koa Wood w/pre-amp	\$349.00★

The **HIGH TIDE** series now comes in a three amazing tone woods!

**EXOTIC MAHOGANY:** Has a unique tonal clarity and open brilliance where the "punchy" mid-tones really shine.

**OVANGKOL:** Fully balanced with a pronounced mid-range, sparkling trebles and highs and deep lows. Well rounded for all playing styles.

**KOA:** Sweet, mellow and warm sound that is direct with less overtone, but open sustain. Very mid-ranged and balanced.

## QUALITY CLASSROOM GUITARS

Our classroom guitars are the kind of instrument that beginning and intermediate level musicians are proud to play. The sound is great and so is the action and intonation. The kind of instrument that makes you love to play and practice!

### SIZED CLASSICAL GUITARS

† P7103	3/4 Size Natural 628 mm Scale	\$179.95
P7104	4/4 Size Natural Full Scale	\$189.95
† P7143	Guitar Foot Stool	\$15.95
P7115	Guitar Stand	\$35.95

† Not Illustrated

These classical guitar models are scaled to exact dimensions in fingerboard scale, bracing and acoustic tolerances, and for correct pitch regardless of size. The sizing system establishes full size (4/4) as the adult size and the smaller (3/4) guitar for smaller players. Both sizes of the guitar are constructed of the same high quality materials, featuring a top made of spruce naturally finished, real mahogany back and sides, adjustable tuning machines with white pearl buttons.

P7104

P7115

### DREADNOUGHT

P7200 Dreadnought \$219.95★

**Dreadnought** guitars have the deep, round, figure-8 shape that have become the standard of bluegrass, folk, and other genres. They offer a deep, full sound and are generally larger than other guitar body styles. Steel strings.

- Spruce top
- Nato back and sides
- Rosewood fretboard
- Natural finish
- Chrome tuners

P7200

### CUTAWAY

P7210 Acoustic \$199.00★

**Cutaway** body style has a pleasing, rounded profile that is narrow at the waist, yet broad behind the bridge creating a soundboard that offers a balanced frequency response with deep bass, clear treble, and a sweet, round midrange that projects well. The body carries the depth of a dreadnought to ensure a great level of volume. It has the feel of a small-bodied guitar yet yields impressive performance. The deep cutaway allows easy access to the instruments higher frets and range.

- Spruce top
- Nato back and sides
- Rosewood fretboard
- Natural finish
- Chrome tuners

## GUITAR KITS

### CLASSICAL GUITAR KIT

P7412 \$264.95

- Includes: gig bag, foot stool, and tuner
- Entry level full sized classical guitar
- Spruce top with gloss finish
- Nylon strings for comfort of playing.

P7412

### D'ADDARIO ACOUSTIC GUITAR HUMIDIFIER

P7168 \$12.00

D'Addario Acoustic Guitar Humidifier makes it easy to properly and safely humidify your guitar. The Humidifier hangs safely in the sound hole suspended by the strings. Simply moisten the sponge, install and that's it. When the sponge becomes completely dry, moisten it again and insert back into the sound hole.

P7168

### CORT EARTH SERIES ACOUSTIC DREADNOUGHT GUITAR

P7430 \$349.99★

- Solid Sitka spruce top provides an ideal balance between strength and flexibility.
- Mahogany neck, back and sides. Bright yet natural with a strong and warm midrange.
- Open Pore Finish that enhances the resonance of the woods and reduces the weight of the guitar.
- Exclusive scooped surface bridge from Cort enhances sustain with greater string angle from the saddle to the body while reducing tension on the strings across the neck were less finger fatigue and improved playability.

## MODERN BAND ELECTRIC GUITARS

### DEAN EDGE 09 4-STRING BASS

P7400 \$229.99★

Features a body contoured for playing comfort. The maple neck is profiled to be fast, sleek, and easy to play. A unique Dean-design neck joint and heel along with an asymmetrical 4-bolt pattern gives you unhindered movement all the way up the 22-fret neck. A single Soapbar pickup and basswood body produces substantial growl.

P7400

### CORT G SERIES DOUBLE CUTAWAY ELECTRIC GUITAR

P7432 \$279.99★

- Features a double cutaway body for classic styling, comfort, and easy access to the higher register of the fretboard.
- Pickup configuration with the 5-way switch provides a wide variety of sounds to cover virtually any musical style.
- Thinner body reduces the weight for a nice balance between the body and the neck as well as enhancing playability and reducing fatigue.
- Heel on the G-Series guitars are beveled round for easier and smoother access to the frets in the high register of the fingerboard.
- Open pore finish better retains the natural grains of the woods for a more luxurious look and feel.

P7432

### CORT X SERIES 100 DOUBLE CUTAWAY ELECTRIC GUITAR

P7431 \$299.99★

- Meranti body has similar tonal characteristics to mahogany with a strong mid-midrange.
- The Powersound pickups provide classic humbucker punch and tone.
- The vintage style 6-screw tremolo bridge transfers more of the strings' vibrational energy into the body of the guitar for greater acoustic resonance while providing excellent tuning stability.
- Ergonomic Body Contour.
- The hard maple neck provides strength and stability while delivering a defined and punchy sound.
- Jatoba Fingerboard -Jatoba is a very dense and stiff wood that makes it ideal for the fingerboard usage.

P7431

### CORT CLASSIC ROCK SERIES ELECTRIC GUITAR

P7433 \$349.99★

- Classic design features a single cutaway mahogany body with carved maple top.
- Powersound pickups provide classic humbucker punch and tone with a quality/value quotient that cannot be beat.
- Tune-O-Matic bridge and stop tailpiece which provides enhanced sustain as well as tuning stability and accurate intonation.
- The hard maple neck provides strength and stability while delivering a defined and punchy sound.
- Jatoba Fingerboard -Jatoba is a very dense and stiff wood that makes it ideal for the fingerboard usage.

**Register for educator account at [Peripole.com](http://Peripole.com) or contact us for educator discounts.**

# NOTATION MATERIALS

**P8840 Wipe Clean Music Board** \$7.95★

These colorful boards are a fun way to practice notation. The red side is portrait-oriented with multiple staves; the reverse blue side is landscape oriented with a larger/longer set of staves. Includes a wipe-clean music pen, with an eraser on the end.

**P8841 Erasable Music Large Boards** \$29.95★

10 board pack. Two staves are printed on one side for teaching musical notation; the other side is blank and may be used for drawing rhythms, musical symbols, terminology and just plain fun! Great for group work!

**P8842 Erasable Teaching Board** \$29.99★

You'll never have to erase the chalkboard again! This unique set consists of six sturdy

laminated chart boards with music staves, each 22.5" x 34.5". Write on them with dry erase markers and though they have the look of permanent markers. The Chart Boards are easily erased with a tissue.

**P9750 Wirebound Manuscript Paper**

\$4.99★

96-page wirebound book; 12 staves per page; 8 1/2" x 11"; Music Notation Guide.

**P9751 Pad Of Manuscript Paper** \$4.99★

Tear off pad with firm backing for easy writing; 32 sheets (64 pages) printed both sides; 12 staves per page; 8 1/2" x 11"; punched to fit all ring binders; Music Notation Guide

**P9752 Guitar Tab Manuscript Paper** \$7.99★

96-Page wirebound book; 12 staves per page; 8 1/2" x 11"; Guitar Notation Guide.

EXCEPT Alaska, Hawaii, APO, US Territories, and countries outside the USA - call for charges.  
Call for express delivery shipping charges.

Please call for Special Discounts. For further information and special quotations, please contact us.  
PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE. Shipping charges will be prepaid and added to your invoice.

**TERMS** – Net 30 days from date of invoice.

**OPEN ACCOUNT BILLING** – All public schools automatically have full open-account credit. Please make certain to include Purchase Order number, where required. Individual teachers making purchases will be eligible for full school discounts, payable in advance by check or credit card (VISA, MasterCard, Discover or Amex only).

**PROMPT SHIPMENT OF ORDER** – Orders will be shipped within a few days via the most expeditious carrier. In the interest of serving you more efficiently, we reserve the right to make partial shipment when a delay is unavoidable. We will bill only for shipped portions. Back ordered items will be shipped as soon as possible.

All orders are shipped either from our facility in Salem, Oregon, or, at our discretion, we may have an item shipped directly from our supplier.

**SHORTAGE OR DAMAGE IN SHIPMENT** – Please check contents carefully according to the enclosed packing slip. Be on the lookout for small items. Please report any discrepancy within 10 days. Should damage occur, please contact us at once to report damage or shortage. Please be mindful of the number of cartons to be received to make certain that none is missing and all have been received.

**DISCRETIONARY RETURNS** – We want you to be completely satisfied with your purchase. Any item may be returned within 30 calendar days of receipt but must be received in first class, new condition, or no refund can or will be issued. Items returned under this policy must be shipped at your expense and are subject to a 10% restocking fee. If an item is received as a discretionary return and is not received in first-class new condition, you will be notified that the item was not received in satisfactory condition and you may then choose to have the item returned to you at your expense.

A letter must be enclosed with the returned item stating the customer's complete name and address, phone number, email address, and reason for return.

**OUR TRIPLE GUARANTEE** – Peripole, Inc. guarantees that all of our products are of excellent quality, workmanship, and that their musical function will be accurate, as intended. If an item is found to be of defective quality, workmanship, or musical function, it will be considered a defective item and will be subject to our defective item return policy. Further, we guarantee that we will, upon request, match or beat any currently advertised price on an identical item sold in the USA. This advertisement must show that the advertised price is currently in effect.

**Please Note:** Due to hygienic considerations, all sales on instruments which are played by mouth (recorders, didgeridoos, whistles, etc.) are final, and they cannot be returned under our discretionary returns policy. If these items are defective, they can be exchanged for a replacement under our defective item policy.

**DEFECTIVE ITEM RETURN** – We do our very best to send you items of only the highest quality possible, free of defects. If you happen to receive a defective item, please call our office at 800-443-3592 or 503-362-2560 (8:30 am to 5:00 pm Pacific Time) to initiate a defective item claim and receive an RMA Number. Your claim will be evaluated and, if approved, our representative will issue an RMA Number and we will send you a UPS pre-paid shipping label that you can use to return the item to us at any UPS shipping outlet. The RMA Number must be written clearly and visibly on the outside of the box. Also, a letter must accompany the item inside the box stating the customer's name, address, phone number, email address and RMA Number. No items can be accepted without an RMA Number.

It is the customer's responsibility to pack the item in such a way that it is well padded and protected, and is received in first-class new condition. With the exception of the stated defect, if the item is not received in first-class new condition, the item cannot be returned. We will not pay for expedited shipping and we do not accept COD's. We may, at our discretion, make alternative shipping arrangements with our customers.

Upon receipt of the item, and final approval of the defective item claim, a replacement item or items will be shipped to the customer at our expense by normal shipping methods previously stated. Should the customer request a refund instead of a replacement, this will fall under our discretionary returns and a 10% restocking fee will apply.

All refunds, will only be issued to the same credit card or other account that was used to pay for the item initially.

All claims for defective items must be made as soon as the flaw is observable. In most cases this is upon receipt and therefore should not occur more than 10 days after receipt. All defective items claims must be made within 30 days. In special situations where inspection is delayed, this may be extended at our discretion up to 90 days maximum.

**C.O.D. SHIPMENTS** – We do not ship any orders C.O.D.

We reserve the right to make changes to our refund and return policy without prior notice. The current and complete policy is posted on our website, [www.peripole.com](http://www.peripole.com).

**DISCONTINUED ITEMS** – We reserve the right to discontinue any item without notice.

**CHANGES IN DESIGN** – It is the policy of Peripole, Inc., and its suppliers, to constantly upgrade products. Therefore, we reserve the right to make changes in design and specifications and to ship the new product.

**ORDER INFORMATION** – Please complete each box of the order form. Please make certain to clearly indicate the exact quantity, catalog number and name of item desired. **Credit card orders:** We accept VISA, MasterCard, Amex or Discover ONLY. Please make certain to include account number and date of expiration, with 3 digit code on back of card (4 digits on front for Amex), and the card billing address.

**HOW TO PLACE ORDERS** –

- Call our toll-free number: 800-443-3592
- Fax us toll-free: 888-724-6733

**Outside USA**

- Email: [contact@peripole.com](mailto:contact@peripole.com)
- Online: [peripole.com](http://peripole.com)
- Mail orders to address on the order form.

**CONFIRMING ORDERS** – Please state "Confirmation Copy" on all confirming orders to avoid duplication of shipment and additional charges to you for returned merchandise. On returned duplicate orders, customer is responsible for all shipping charges and a 10% restocking fee. **SHIPMENTS TO ALASKA, APO, HAWAII, US TERRITORIES AND OTHER COUNTRIES** – Orders will be shipped by United States Postal Service or at times other carriers. Please contact us with your order information for shipping charges.
